## INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

### TO THE BOARD OF DIRECTORS OF HUMANSOFT HOLDING COMPANY K.S.C.P.

#### *Introduction*

We have reviewed the accompanying interim condensed consolidated statement of financial position of Humansoft Holding Company K.S.C.P. ("the Parent Company") and subsidiaries (together referred to as "the Group") as at 31 March 2018 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the three-month period then ended. The Parent Company's management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34"). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

#### *Scope of Review*

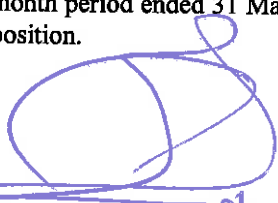

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

#### *Report on other Legal and Regulatory Requirements*

Furthermore, based on our review, the accompanying interim condensed consolidated financial information is in agreement with the accounting records of the Parent Company. We further report that to the best of our knowledge and belief, no violation of the Companies Law No. 1 of 2016 and its executive regulations, as amended, or the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, have occurred during the three-month period ended 31 March 2018 that might have had a material effect on the business of the Group or on its financial position.

The accompanying notes form an integral part of this interim condensed consolidated financial information.

**1. INCORPORATION AND PRINCIPAL ACTIVITIES**

Humansoft Holding Company K.S.C.P. (“the Parent Company”) is a Kuwaiti shareholding company incorporated on 14 September 1997. The Parent Company and its subsidiaries are together referred to as “the Group”.

The principal activities of the Parent Company are as follows:

1. Owning shares of Kuwaiti shareholding or foreign companies, as well as owning shares or stocks in Kuwaiti or foreign limited liability companies or participating in the establishment of these companies, in their two types, and their management, lending and guarantee for others.
2. Lending to companies, in which it owns shares and guaranteeing them with third parties. In this case, the Parent company’s share in the capital of the borrowing company should not be less than 20%.
3. Owning industrial property rights such as patents, industrial trademarks, or industrial fees or any other related rights and lease them to other companies to exploit them, whether inside or outside Kuwait.
4. Owning movables and properties necessary to carry out its operations within parameters allowed as per law.
5. Exploit surplus funds available with the Parent company through investing in portfolios managed by specialized companies.

The Parent Company is listed on Bursa Kuwait and its registered office is P.O. Box 305, Dasman 15454, State of Kuwait.

This interim condensed consolidated financial information for the three-month period ended 31 March 2018 was authorised for issue by the Board of Directors of the Parent Company on 17 April 2018.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**2.1 Basis of preparation**

The interim condensed consolidated financial information of the Group has been prepared in accordance with IAS 34, “*Interim Financial Reporting*”. Accordingly, it does not include all of the information and footnotes required for complete consolidated financial statements prepared in accordance with International Financial Reporting Standards.

The accounting policies used in the preparation of this interim condensed consolidated financial information are consistent with those used in the preparation of the annual audited consolidated financial statements of the Group for the year ended 31 December 2017 except for the adoption of IFRS 9: Financial Instruments (“IFRS 9”) and IFRS 15: Revenue from Contracts with Customers (“IFRS 15”) from 1 January 2018. The change in the accounting policies arising from the adoption of these standards are explained below.

Other amendments to IFRSs which are effective for annual accounting period starting from 1 January 2018 did not have any material impact on the accounting policies, financial position or performance of the Group.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included. Operating results for the interim period are not necessarily indicative of the results that may be expected for the year ending 31 December 2018. For further information, refer to the annual audited consolidated financial statements and notes thereto for the year ended 31 December 2017.

This interim condensed consolidated financial information is presented in Kuwaiti Dinars (“KD”) which is the functional and presentation currency of the Parent Company.

**2.1.1 Adoption of IFRS 9: Financial Instruments**

The Group has adopted IFRS 9 issued in July 2014 with a date of initial application of 1 January 2018. The requirements of IFRS 9 represent a significant change from IAS 39 Financial Instruments: Recognition and Measurement. The new standard brings fundamental changes to the accounting for financial assets and to certain aspects of the accounting for financial liabilities.

The key changes to the Group's accounting policies resulting from the adoption of IFRS 9 are summarised below:

**Classification and measurement of financial assets and financial liabilities**

The Group determines classification and measurement category of financial assets, except equity instruments and derivatives, based on a combination of the entity's business model for managing the assets and the instruments' contractual cash flow characteristics.

***Business model assessment & Solely Payments of Principal and Interest test ("SPPI test")***

***Business model assessment***

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Group's key management personnel;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed;
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).

The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

***The SPPI test***

Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Group assesses whether the financial instruments' cash flows met the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

The most significant elements of interest within a basic lending arrangement are typically the consideration for the time value of money, credit risk, other basic lending risks and a profit margin. To make the SPPI assessment, the Group applies judgement and considers relevant factors such as the currency in which the financial asset is denominated, and the period for which the interest rate is set.

***Financial assets***

The Group classifies financial assets upon initial recognition of IFRS 9 into following categories

- Amortised cost (AC)
- Fair value through other comprehensive income (FVOCI)
- Fair Value Through Profit and Loss (FVTPL)

All financial assets are initially measured at fair value. Transaction costs are added to the cost of all financial instruments except for financial assets classified as at fair value through profit or loss. Transaction costs on financial assets classified as at fair value through profit or loss are recognised in the consolidated statement of profit or loss.

***Amortised cost (AC)***

The Group classifies financial assets at AC if it meets both of the following conditions and is not designated as at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (“SPPI”) on the principal amount outstanding.

Financial assets classified at AC are subsequently measured at amortised cost using the effective interest method adjusted for impairment losses, if any. Interest income, foreign exchange gains/losses and impairment are recognised in the consolidated statement of profit or loss. Any gain or loss on derecognition is recognised in the consolidated statement of profit or loss.

***Fair value through other comprehensive income (FVOCI)***

***Debt instruments at FVOCI***

The Group classifies debt instruments at FVOCI if it meets both of the following conditions:-

- The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument classified as FVOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI. Interest income and foreign exchange gains and losses are recognised in consolidated statement of profit or loss. On derecognition, cumulative gains or losses previously recognised in OCI are reclassified from OCI to consolidated statement of profit or loss.

***Equity instruments at FVOCI***

Upon initial recognition, the Group may elect to classify irrevocably some of its equity investments as at FVOCI if they meet the definition of Equity under IAS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by- instrument basis.

Equity instruments at FVOCI are subsequently measured at fair value. Changes in fair values including foreign exchange gains and losses are recognised in OCI. Dividends are recognised in consolidated statement of profit or loss when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVOCI are not subject to an impairment assessment. On derecognition, cumulative gains or losses will be reclassified from fair value reserve to retained earnings in the consolidated statement of changes in equity.

***Fair Value Through Profit and Loss (FVTPL)***

Financial assets whose business model is to acquire and sell, or whose contractual terms do not give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding, are classified as FVTPL.

In addition to the above, on initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets classified as FVTPL are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in the consolidated statement of profit or loss. Interest income and dividends are recognised in the consolidated statement of profit or loss according to the terms of the contract, or when the right to payment has been established.

**Financial liabilities**

The accounting for financial liabilities remains largely the same as it was under IAS 39, except for the treatment of gains or losses arising from an Group's own credit risk relating to liabilities designated at FVTPL. Such movements are presented in OCI with no subsequent reclassification to the consolidated statement of profit or loss.

Under IFRS 9, embedded derivatives are no longer separated from a host financial asset. Instead, financial assets are classified based on the business model and their contractual terms. The accounting for derivatives embedded in financial liabilities and in non-financial host contracts has not changed.

**Impairment of financial assets**

IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'Expected Credit Loss' (ECL) model. Accordingly, the Group applies the new impairment model for its financial assets. The Group incorporates forward-looking information into both its assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Incorporating forward-looking information increases the degree of judgement required as to how changes in these macro-economic factors will affect ECLs. The methodologies and assumptions including any forecasts of future economic conditions are reviewed regularly.

IFRS 9 introduces three-stage approach to measuring ECL. Assets migrate through the following three stages based on the change in credit quality since initial recognition.

**Stage 1: 12 months ECL**

For exposures where there has not been a significant increase in credit risk since initial recognition, the portion of the lifetime ECL associated with the probability of default events occurring within next 12 months is recognised.

**Stage 2: Lifetime ECL – not credit impaired**

For credit exposures where there has been a significant increase in credit risk since initial recognition but that are not credit impaired, a lifetime ECL is recognised.

**Stage 3: Lifetime ECL – credit impaired**

Financial assets are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred.

ECL are the discounted product of the Probability of Default (PD), Exposure at Default (EAD), and Loss Given Default (LGD). The PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation. EAD represents the expected exposure in the event of a default. The Group derives the EAD from the current exposure to the financial instruments and potential changes to the current amounts allowed under the contract including amortisation. The EAD of a financial asset is its gross carrying amount. The LGD represents expected loss conditional on default, its expected value when realised and the time value of money.

The Group expects to apply the simplified approach to recognise lifetime expected credit losses for its trade receivables as permitted by IFRS 9. Accordingly, trade receivables which are not credit impaired and which do not have significant financing component is categorised under stage 2 and lifetime ECL is recognised.

Objective evidence that debt instrument is impaired includes whether any payment of principal or profit is overdue by more than 90 days or there are any known difficulties in the cash flows including the sustainability of the counterparty's business plan, credit rating downgrades, breach of original terms of the contract, its ability to improve performance once a financial difficulty has arisen, deterioration in the value of collateral etc. The Group assesses whether objective evidence of impairment exists on an individual basis for each individually significant asset and collectively for others not deemed individually significant.

Loss allowances for ECL are presented as a deduction from the gross carrying amount of the financial assets for AC.

### ***Hedge Accounting***

The general hedge accounting requirements of IFRS 9 retain the three types of hedge accounting mechanisms in IAS 39. However, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify as hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an ‘economic relationship’. Retrospective assessment of hedge effectiveness is no longer required.

### **Transition**

Changes in accounting policies resulting from the adoption of IFRS 9 have been applied retrospectively, except as described below:

- a) Comparative periods have not been restated. Differences in the carrying amounts of financial assets and financial liabilities resulting from the adoption of IFRS 9 are recognised in retained earnings and reserves as at 1 January 2018. Accordingly, the information presented for 2017 does not reflect the requirements of IFRS 9 and therefore is not comparable to the information presented for 2017 under IFRS 9.
- b) The following assessments have been made on the basis of the facts and circumstances that existed at the date of initial application.
  - The determination of the business model within which a financial asset is held;
  - The designation and revocation of previous designations of certain financial assets and financial liabilities as measured at FVTPL;
  - The designation of certain investments in equity instruments not held for trading as at FVOCI.
  - If a debt security had low credit risk at the date of initial application of IFRS 9, then the Group has assumed that credit risk on the asset had not increased significantly since its initial recognition.

### **2.1.2 Adoption of IFRS 15: Revenue from Contract from Customers**

IFRS 15 was issued in May 2014 and is effective for annual periods commencing on or after 1 January 2018. IFRS 15 outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue guidance, which is found currently across several Standards and Interpretations within IFRS. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. It established a new five-step model that will apply to revenue arising from contracts with customers as follows:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligations in the contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

The Group adopted IFRS 15 ‘Revenue from Contracts with Customers’ resulting in no change in the revenue recognition policy of the Group in relation to its contracts with customers. Further, adoption of IFRS 15 had no impact on this interim condensed consolidated financial information of the Group.

Notes to the Interim Condensed Consolidated Financial Information  
– period from 1 January to 31 March 2018 (Unaudited)

### 2.2 Judgments and estimates

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2017.

### 3. CASH AND BANK BALANCES

	31 March 2018	(Audited) 31 December 2017	31 March 2017
	KD	KD	KD
Cash and bank balances	37,883,199	20,150,329	27,800,372
Less: Bank overdrafts	(961,582)	(648,954)	(1,301,526)
Less: Margin deposits with banks whose original maturity period exceeds three months from the date of acquisition, included above	(51,243)	(44,379)	(52,189)
Cash and cash equivalents in the statement of cash flows	<u>36,870,374</u>	<u>19,456,996</u>	<u>26,446,657</u>

Overdraft facilities from local banks are denominated in KD and as at 31 March 2018 bear interest ranging from 2% - 2.5% (31 December 2017: 2% - 2.5% and 31 March 2017: 2% - 2.5%) per annum over the Central Bank of Kuwait discount rate.

As at 31 March 2018, the undrawn bank overdraft facilities amounted to KD 1,788,418 (31 December 2017: KD 2,101,046 and 31 March 2017: KD 1,448,474).

Deposits with banks are held as margin money deposits against letter of guarantees facilities from local commercial banks.

### 4. TRADE AND OTHER RECEIVABLES

	31 March 2018	(Audited) 31 December 2017	31 March 2017
	KD	KD	KD
Trade receivables	18,668,935	19,079,111	23,925,379
Less: Allowance for doubtful debts	(622,830)	(519,869)	(452,879)
Prepaid expenses	18,046,105	18,559,242	23,472,500
Advance to suppliers	1,048,719	874,157	783,728
Staff receivables	409,143	499,409	871,737
Refundable deposits	51,381	61,443	48,191
	88,140	96,442	76,214
	<u>19,643,488</u>	<u>20,090,693</u>	<u>25,252,370</u>

On adoption of IFRS 9 at 1 January 2018, the Group estimated its ECL under IFRS 9 and recognised additional impairment of KD 26,507 on its trade receivables. The charge for this amount is adjusted in the opening retained earnings.

Allowance/(reversal) for doubtful debts	76,511	(2,680)
Others	57,548	53,841
	<u>659,758</u>	<u>485,365</u>

### 11. CONTRIBUTION TO KFAS

This represents contribution to the Kuwait Foundation for Advancement of Science (“KFAS”) computed at 1% of profit for the period after transfer to statutory reserve. Provision for contribution to KFAS comprise of the following:

	Three months ended	
	31 March 2018	31 March 2017
	KD	KD
Al Arabia Education Enterprises Company K.S.C. (Closed)	83,809	79,309

### 12. BASIC AND DILUTED EARNINGS PER SHARE

Basic and diluted earnings per share is calculated as follows:

	Three months ended	
	31 March 2018	31 March 2017
	KD	KD
Profit for the period	7,831,083	7,137,590
Number of shares outstanding:		
Weighted average number of paid up shares	122,236,800	122,236,800
Less: Weighted average number of treasury shares outstanding	(582,448)	(582,448)
Weighted average number of outstanding shares	121,654,352	121,654,352
<b>Basic and diluted earnings per share (fils)</b>	<u>64</u>	<u>59</u>

### 13. SEGMENT INFORMATION

*Primary segment information – business segments:*

The Group is organised into functional divisions in order to manage its various lines of business. All of the segment revenue reported below is from external customers. For the purpose of segment reporting, the Parent Company’s management segregates the Group’s activities into the following business segments:

- Training and Career Development Programs
- English Training
- Learning Solutions
- Higher Education

Segment results include revenues and expenses directly attributable to a segment. There are no significant inter-segment transactions.
